

v.q.a. stands for vintner's quality alliance

at local lounge • grille we are committed to featuring primarily bc vqa wines from the okanagan valley. the bc vqa designation; on our wines, reflects the dedication of our winemakers to creating world class products.

to obtain bc vqa approval in british columbia, a wine must be made from 100% british columbia grapes, it must be 85% of the variety stated on the label and must be 95% from the vintage year stated. to be bc vqa a wine must pass through a tasting panel where it is evaluated; it must show varietal character and be fault free.

bc vqa is your only assurance that a wine is made from **100% local grapes**. all of our wine selections are produced from wineries within 100 kilometers of local lounge • grille. it's our take on the 100km wine diet.

at local lounge • grille we are passionately dedicated to the british columbia wine industry, and work diligently to bring you one of the widest selection of bc vqa wines anywhere.

cheers!
